

## SOP for International travelling to Vietnam 2022 Yes, You Can Now Travel To Vietnam!

### PASSPORT AND VISA

Vietnam resumed all immigration policy the same as before Covid-19. Please check if your passport is within the list of exemption of entry visa to Vietnam: [HERE](#)

If you are not in the list, then you are requested for a Vietnam visa. Please contact us, we can give you a help.

Your passport must be valid at least 06 months from the date you leave Vietnam.

Visa?	CHECK
Passport?	VALID AT LEAST 06 MONTHS FROM THE DATE YOU LEAVE VIETNAM

### COVID-19 PROCEDURE

All travelers, except children under 2 years old, entering Vietnam by international airport, or land border, or waterways, or railways: You'll need a negative test result for Covid-19 before departure within 72 hours using RT-PCR/RT-LAMP or within 24 hours by Rapid Test method and certified by the competent authority of the country performing the test.

Only for arrivals by land border, waterways, railways: In case there is no negative test result for Covid-19 as specified above, you'll need to do a test performed by RT-PCR/RT-LAMP or by quick test within the first 24 hours since entry.

If the test results are negative, you are allowed to leave the accommodation to visit Vietnam and take preventive measures against the epidemic according to regulations.

If the test result is positive, it must be reported immediately to the local health authority for instructions on timely handling.

Children under 2 years old: Not required to be tested for Covid-19. Children are allowed to enter Vietnam and participate in activities outside their accommodation with parents and relatives.

People on entry must make a medical declaration before entering and use the medical declaration application (PC-COVID) during their stay in Vietnam according to regulations.

Arrivals by all means: Airport, land border, waterways, railways: Declare health on PC-Covid apps on mobile
